Family Background & More Information:

Derrick was born around 1998 but we have no birth certificate on file. His brother Timngum Trinity is also staying here at HCH. Their father died and mother disappeared soon after. Some suspect that she also died. Derrick and Trinity were left to the care of their extended family. They stayed with a young relative named Faith who was unemployed. She was unable to meet their needs so they came to HCH.

Derrick wants to be a builder when he grows up.
