Finain is one of 6 children. He has an older sister named Claris who is also staying at HCH. Their mother was not married and died in 2005 with boils on her body. (We have no official medical records). We have no record of the father. After the mother's death Finain and his siblings went to stay with an aunt named Rose Nain. She was unable to provide for all 6 children and meet all their needs. Finain is often quiet, and is polite and peaceful in his interactions with others.
