### Family Background & More Information:

Kingsley's brother Seldrick is also staying at HCH. Their parents died in 1999. His mother came home from the farm one day feeling ill, and her health declined over a period of 6 months. The hospital tried unsuccessfully to treat her. His father developed a swollen leg that was also not treatable at the local hospital. His aunts are uneducated and unable to care for him and his brother. He is very creative and enjoys playing in the sand and building things. He is energetic and likes to play with the other boys at HCH.

Kingsley wants to be a blacksmith when he grows up.
