Family Background & More Information:

Trinity was born around 2001 but we have no birth certificate on file for him. His brother is Timngum Derrick, who is also staying at HCH. Their father died and their mother disappeared soon after. Some suspect that she also died. Derrick and Trinity were left to the care of their extended family. They stayed with a young relative named Faith who was unemployed. She was very poor and unable to meet their needs so they came to HCH.

Trinity wants to be a mechanic when he grows up.
