Family Background & More Information:

Lizette's brother Kerice is also staying at HCH. Both of their parents died around 1998. We have no other information on her family background. She is doing extremely well in school. She speaks good English and can help translate for other children. She is shy but very polite and friendly to others. She is responsible and helps the staff of the orphanage with some daily chores. She seems to have a great compassion for the younger children at HCH and often helps them with dressing, bathing, and eating. She is humble and gentle.
