

“Marioh and Blessing”

We believe Marioh is around 15 years old, however, we have no accurate birth records for her. They both ended up at HCH in April of 2010.

Family Background & More Information:

Marioh is from the Fulani tribe and has had a very hard life. Her father divorced her mother and took another wife. Her stepmother didn't like Marioh and so her father sent her away to herd cattle. She became pregnant and had her daughter, Blessing in December 2009. As a punishment for becoming pregnant her father tied her up. She managed to get loose and wandered for 3 hours ending up at HCH.

Marioh has accepted Jesus Christ as her personal Savior and has been baptized.

Marioh is now attending school but is significantly behind peers her own age.
